

Thea Maria *Ardeleanu*

I show companies what AI can really do for them, then build it with them: agents, automations and tools that take the work off their shoulders.

Consultant in digital transformation and AI engineering at *Kidays*, the Paris platform for children's party entertainers, through an apprenticeship alongside an *MBA in Big Data & AI* at MBA ESG. Co-founder of *Letsgo-digital*, a tech and digital marketing agency.

1,800+ e-commerce products audited for SEO	800+ product & collection pages rewritten	-60% page weight on kidays.fr after speed work	5 in 4 years of study, completed in four

EXPERIENCE

2026 – present
Paris

Consultant, Digital Transformation & AI Engineering *Kidays*

Apprenticeship 2026 – 2027, after a six-month internship as the CEO's right hand (Mar – Aug 2026). Children's party entertainment platform.

- Designed and built the company's AI agent system (Claude Code and Python): competitor analysis reports, content planning, SEO tooling.
- Automated internal processes with Make.com and shipped two AI agent tools for the sales team.
- SEO and GEO overhaul of kidays.fr: answer-first blocks on 32 pages, one set of facts aligned across 57 pages, 41 app pages retitled.
- Mobile speed: page weight down 60%, instant hero on 69 pages, 26 images converted to WebP.
- Bridge between the CEO and the developer: product vision into technical briefs, delivery follow-up.

2026 – present
Paris

Co-founder *Letsgo-digital*

- Tech and digital marketing agency for growing businesses: websites, automation, AI and search.

2025 – 2026
Paris

Founder & CEO *BrainBuzz*

- Digital networking platform for international students: growth strategy from behavioural data and segmentation, AI features (personalisation, smart matching).
- The opportunity is still viable; I chose to focus my energy elsewhere.

2021 – 2023 ·
2026
Bucharest

Executive Assistant, then SEO *Bohemia Crystal*

Luxury crystal and glassware retailer.

- 2026: SEO audit of the full 1,800+ product catalogue on bohemia-crystal.ro, then new titles and meta descriptions for 694 products (611 of them duplicates) and 118 collections, with 304 top performers protected.
- 2021 to 2023, part-time alongside school: supplier coordination, logistics and promotions, social media, and customer data analysis (clustering, KNN) to target ad campaigns.

Jun – Aug 2025
Monaco

Finance & Accounting Intern *All Energies Services*

- Invoicing, payments and bank reconciliations; financial reporting and KPI tracking.

EDUCATION

2026 – 2027
Paris

MBA Big Data & Artificial Intelligence *MBA ESG*
